Best reviews of PCMAC Great ESL App by Michaelstercero (PCMAC user) This app would be even better if it added the ability to make markers on decks with which it could drill. That way, if I had to dial a group of flash cards for a certain lesson, I could check the whole cover, sliding my finger. Please add this feature; It would help so much! Magnificent! The Spanish text and audio component will be excellent for students who are not literate in their 1st language also those trying to learn Spanish as a second language. The pronunciation of both languages is very clear, which makes it an invaluable learning tool. I think the price is a bargain, too. Well done! Old Words By Fahadmurisi (PCMAC user) The search does not work and the application has a long period without updating Old Words Saudi Arabia Please add the Arabic language in the application I do not understand a Spanish language please add more languages.
