Food, atmosphere and service were excellent, but looks a bit too much like other restaurants in Hibachi? Incredient experience. Friendly chefs, fun, incredibly flavored dishes. There is no hurry to turn the table. NÂJA E The wait to go back! Everything from our server, for the chef and food was excellent. My husband and brother in steak of laws were not cooked all the way and were very chewy. We are disappointed with the service. Never. It was on a slow night on Wednesday. The service was pleasant and most of the food was good, with the exception of the scallops in the Pu-Pu dish that were rancids. We had a great experience the first time we went there, however, this time it was the complete opposite. We were very disappointed everywhere. From the moment we sat down, and we asked for appetizers we never got, even after ordering twice for their status ... no refills in any of our drinks, not even waters. The children apparently were free, which was a pleasant surprise, can not be used with a Groupon. Great food and service. Pleasant staff! Will definitely return.
