Customer Reviews, including Product Star Ratings help customers to learn more about the product and decide whether it is the right product for them. To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzed reviews to verify trustworthiness. Learn more how customers reviews work on Amazon Six full practice tests with tips and training for the 2015 revised Cambridge English: Advanced (CAE). An updated and revised edition of the Objective CAE course, which prepares students for Cambridge English: Advanced, also known as Certificate in Advanced English (CAE). Embark on a journey beyond the traditional boundaries between exam preparation and real-world language with Open World Advanced. Leveringstid 6-10 hverdage (Sendes fra fjernlager) Forventet levering 01-09-2022 If you are taking the Cambridge Advanced exam soon or you are preparing a class of students to take the exam, you are probably wondering about the best books for Cambridge Advanced preparation. There are so many books out there: big ones, tall ones, short ones, long ones, ones written by well-known authors, ones written by your friend's neighbour, ones which have lovely shiny pictures and ones that are nothing but text. There are even books written by Breakout English! But there are only a few books that I think deserve to be called the best books for Cambridge Advanced. I've been teaching Cambridge exams and writing materials to help my students learn and other teachers teach for many years. During that time, I've come across a huge range of CAE books and materials. However, it's not always one-size-fits-all with exam preparation books, so I've chosen my favourite options in a few different categories depending on teaching and learning context. Best overall book for Cambridge Advanced Straight to Advanced - Richard Storton and Zoltán Rézműves, Macmillan This book gets into the details of the exam without spending too much time on lengthy explanations or other fluff. The grammar sections are on-point and the training sections are clear. It's also got some interesting topics that can be easily expanded upon and discussed when used in the classroom. The writing bank, grammar bank, word lists and online workbook complete the package. Check out Straight to Advanced on Amazon Best book for an intensive course Compact Advanced - Peter May, Cambridge This is how to prepare for the exam as quickly as possible. It includes 10 units that focus on pure exam practice and training with to-the-point grammar and vocabulary sections to boot. The thing I like most about Compact Advanced is that the level isn't reduced for training purposes. The listening and readings you get are just as challenging as they will be in the real exam, something which other course books don't always succeed in. Check out Compact Advanced on Amazon Best book if you've got lots of time Ready for Advanced - Roy Norris and Amanda French, Macmillan If a more complete Cambridge Advanced books exists, I haven't found it. It goes into a lot of detail about each section of the exam, meaning you'll have plenty of training on how to go about it. Some of the grammar and vocabulary sections are slightly overthought or overexplained, but you'll also find useful language which isn't touched by shorter course books. Don't expect to get through this book in an average length course, but if you've got time, it's a good choice. Check out Ready for Advanced on Amazon Best supplementary book Exam Booster for Advanced - Carole Allsop, Mark Little and Anne Robinson, Cambridge You can use this to supplement material in the classroom or as a self-study book. Each section of the exam is broken down into short units which also focus on common topics seen at C1 level. You may need to use more than just this book if you are preparing for the exam by yourself, but this does a good job of looking at different parts of the exam and making you think about how to deal with each task effectively. Check out Exam Booster for Advanced on Amazon Best exam practice book Advanced Trainer - Felicity O'Dell and Michael Black, Cambridge Getting authentic exam practice is an essential part of exam preparation, but spending hours and hours doing practice papers without any input isn't going to suddenly make you pass the exam. The good thing about Advanced Trainer is that it includes 2 in-depth units that explain in detail how to do the exam tasks. Then you've got 4 more practice tests to apply what you've learnt. There's also Advanced Trainer 2 for those who want even more. Check out Advanced Trainer on Amazon Best new arrival Formula C1 Advanced - Helen Chilton and Lynda Edwards, Pearson Published in 2020, this is one of the newer Cambridge Advanced books available. As you'd expect from a modern course book, it includes all sorts of bells and whistles including digital resources and an app. The book is designed so it can be used for long or short courses, with core units and extended sections. There is also the Formula C1 Exam Trainer which focuses purely on the exam tasks and technique. Check out Formula C1 Advanced on Amazon Stuart Wright er engländer og kommer fra lige uden for London. Han har en bachelor fra Bournemouth University, en master fra Roskilde Universitet og en phd fra Københavns Universitet. Han er også certificeret TESOL engelsklærer. Han underviser på alle niveauer i engelsk, fra begyndere til viderekomne - han underviser også Business English i forskellige virksomheder i og uden for København. Når han underviser, kan han bedst lide at hjælpe folk til at opnå deres mål på engelsk. Han endte i Danmark takket være en dansk kvinde! Stuart anbefaler: Food and drink: It has to be fish and chips washed down with a pint of cider! Learning tips: Work hard! -) Places to visit: In Denmark - Louisiana in the UK - Bath, a beautiful city and of course London! Cultural events: Glastonbury Festival in the south Literature: Usually American literature. Anything by Cormac McCarthy. Also Tom Wolfe, Brett Easton Ellis. Vis mereVis mindre Complete Advanced by Cambridge English is a good book to get you started with CAE and continue to enhance your language skills. There are tasks in the book to introduce exam skills, activities for language practice, and hints and tips from previous students. There are also activities to help you avoid making mistakes that are commonly done in the exam. This is a topic based book, so you will learn all of this through common topics. All the materials are official exam preparation materials for the revised 2015 exam. This can be bought as a student book, teacher book, and CD-ROM for extra practice. 2. Objective Advanced 4th edition by Cambridge English Objective Advanced 4th edition by Cambridge English is another good study book. If you have used the Objective series books before, the layout will be familiar to you. They are topic-based book designed to help you develop exam skills and language practice at the same time. There are until reviews and an example of a test at the back. These books are really user friendly and you can work through them at your own pace. They can be used in classes or for self-study. You can buy a student book, teacher book, and CD-ROM with extra materials on it. 3. Advanced Trainer by Cambridge English Advanced Trainer by Cambridge English is solely designed to help you understand the exam. Through this book you will develop the exam skills required to take the C1 Advanced exam. This book contains six full practice tests covering all skills areas - reading and use of English, speaking, listening, and writing. The first two tests are guided and there are notes and help throughout them. The remaining four are not. The audio for the listening is separate and available on CD or for download. The books also include examples of good writing answers. 4. Exam Boosters by Cambridge English Exam Boosters by Cambridge English is another book worth considering. It contains practice tests that you can work through and is designed for self-study. It contains exam facts, tips, and advice on how to approach different sections of the test. It starts a slightly lower level and build up. This is great if you need to improve your language skills too. 5. Cambridge Advanced Learner's Dictionary Another great resource for any language learner and test taker is the Cambridge Advanced Learner's Dictionary. This will help move your lexis level higher to more of what is required at C1 Advanced. It is currently available in the 4th edition and also with a CD-ROM. This dictionary contains up-to-date vocabulary, definitions that are easy to understand, hundreds of pictures, and now a 'focus on writing' section. It was updated to include a further 1500 words. This is a great companion for any English language learner. Give us a try..... Global Exam is another resource worth considering. Though we are online and not a book, we can help you achieve the test score you want. Our platform has areas for language development and exam skill practice. You can take a look at our blog for advice and motivation, and track your own learning.

More than 9,000 educational institutions, businesses and government departments around the world accept C1 Advanced as proof of high-level achievement in learning English. Preparing for C1 Advanced helps learners develop the skills to make the most of studying, working and living in English-speaking countries. Official Cambridge English exam preparation materials To support teachers and help learners prepare for their exams, Cambridge English and Cambridge University Press have developed a range of official support materials including coursebooks and practice tests. These official materials are available in both print and digital formats. The Cambridge AICE Diploma is made up of individual Cambridge International AS & A Levels, which are widely recognised by universities and employers around. Students can be confident that their qualifications will be understood and valued throughout their education and career, in their home country and internationally. Students will be eligible for grades A\* to E. Although it is a standalone qualification, it will be graded by Cambridge at the same standard as a Cambridge International A Level. What support is available? We have developed a range of practical resources so that you can give your learners the best possible preparation for Cambridge IPQ:
