TH6 War Base Anti 3 Star Here We will have three bases incrÅveis war, war consists of a base shaped layout coraÅŠÅ f o. This best basis Å © war divided into four segments, the central segment has a city hall. The city Å © placed with Tesla hidden, defense aÅ © rea and Castle Clan f. Other segments consist of some hÅĴsicos buildings and defense towers This clan design is incredible and attractive, that is why most players want a basic layout like this. The outer layer of the clan consists of exposure camps, resource collectors, barracks, dark collectors elixir and laboratories. These buildings protect all the best war base layout. war. Anti Ballet Base and Giant This best war basis is also incredible and effective because of its building strategies of placing. This clan design has a large segment that has a city hall with some incredible defense buildings. The other segments of the very small clanes in size containing one or two buildings. The Castle of Clan is placed with a defense and ach and arrow. There is an outer layer of buildings and towers that protect this best layout of trophane from the outside. The outer layer has a barracks, laboratory, mortar and many other amazing buildings around the clan. TH6 War Anti Dragon Base This is also one of the best bases of war that have an incredible design that makes it quite attractive. The best strategy of a clan is to keep the city hall in the center with a clan castle. That you can see in this incredible war base, Tesla hidden also is placed in the center. The combination of defense and hidden Tesla is a wonderful combination. Most resource buildings and defense towers are placed out of the best clan. TH6 War Anti Base and Dragon If you have more buildings and unlocked towers than here, we mentioned two incredible bases at this best war-based guide. On both sides of the central segment, there are small compartments containing tesla hidden. The Hidden Tesla is best to keep your right-to-attack clan. The clan caste is also placed on one side of the central segment. If your base is divided into small layers and segments that this means that your clan is well protected against attackers. There is an outer layer of the maximum wall that keeps all the clan. This best war base has an external layer of incredible defense buildings to keep the clan in high security. TH6 WAR BASE LAYOUT 2021 This best war base has only four large compartments, each is surrounded by an extra extracted wall that protects the clan A compartment has a city hall and clan castle hidden and mortar for protection. The two side compartments have resource buildings with a defense. On a war basis, it is important to save the city hall and also the resources. Then, on this basis, the features are also kept inside the clan for protection.
