Все будет меняться, как только вы разрушите единственный блок под собой.Описание картыЭта карта, в которой вы начнете с одного блока, из этого блока вам нужно будет получить все, что вам нужно, чтобы пойти и убить дракона Края.Чтобы начать игру, вам нужно будет разрушить единственный в мире блок, который находится у вас под ногами. Но не волнуйтесь, появится еще один, потом еще и еще. Может появиться множество вещей, таких как: блоки разных типов, минералы, сундуки, животные или монстры, поэтому будьте осторожны каждый раз, когда разбиваете блок. Через каждое определенное количество разбитых блоков вы переходите на следующий этап, всего их 10!Лес;Пещера;Снежный;Пустыня;Джунгли;Океан;Нижний мир.Особняк;Крепость;Разное.Тип появляющегося блока будет зависеть от фазы, в которой вы находитесь, например, если вы находитесь в фазе леса, вы, скорее всего, получите траву, дерево или глину. Если вы находитесь в фазе нижнего мира, вы, скорее всего, получите Камень Нижнего мира, лавы или блок кирпича Нижнего мира. И так далее со всеми фазами. В зависимости от этого фактора также появятся различные монстры и животные.В начале этапа Разное появится портал Края! Вам нужно будет получить необходимые глаза, чтобы включить его и войти в измерения Края. Как только Эндердракон будет побежден, карта считается пройденной!Установка карты Майнкрафт на одном блоке (.mcworld):Скачайте файл с картой .mcworld по ссылке ниже.Просто откройте файл и игра сама установит все необходимое.Запустите Minecraft и найдите карту в списке миров.Запустите карту и наслаждайтесь ею!
