Good servings for dinner and I ate lunch rest the next day. I like their food as usual. Their dressing sauce is very good too. It cost \$16 and changes. They told me 20 minutes and I was good at this. While I was expecting my order, I saw two men in the dining room, and while still waiting Also three other men entered the dining room. They must have been repeated customers and I ate women recognized at least one of them. Unfortunately for women who had long waited for their food and the woman who found a crib in her food, is disgusting. I would never come back if I'd ever experienced it. But go there and try their food I think you'll like the taste. It's an old dining room that was a nice place, but they do most of their business how to Take Now out one day.
